What is the dental van?

The dental van is a fully equipped mobile dental clinic serving both children and adults. It is staffed with volunteer dentists and hygienists. The dental van is available once a month.

What does the dental van do?

The dental van clinics are intended to address urgent dental needs for children and adults without dental insurance. The major service provided by the dental van is extractions, but may also have some x-ray and filling services available. The focus of the dental van is subject to change from month to month.

Who is eligible for services from the dental van?

The dental van is intended to provide urgent care to individuals without dental insurance. Clients for the dental van must have a household income below 200% of the poverty threshold.

How do I apply for dental van services?

To request an application, please call 541-888-7025. You will be contacted, and an application will be mailed to you.

I've filled out an application. When can I expect to have an appointment?

Appointments are scheduled on a first come first serve basis with priority given to urgent/emergency situations and children.

I have dental insurance, but can't afford my co-pays. Can the dental van help me?

No, you do not qualify for services from the dental van if you have dental insurance.

I just want my teeth cleaned. Does the dental van do that?

The dental van is intended primarily for urgent dental needs. The Waterfall Clinic can accommodate dental cleanings, sealants, and fluoride treatments with fees based on a sliding scale.

I don't qualify for services from the dental van. Are there other services in the community that can help me?

The Waterfall Clinic is available for cleanings, sealants, and fluoride treatments. You can contact the Waterfall Clinic at 541-756-6232. The Umpqua Community Health Center, located in Roseburg, performs dental work with fees based on a sliding scale. You can contact the Umpqua Community Health Center at 541-672-9596.
